— ✨ Stand in Your Power ✨ —

July 21, 2023

August 8th is known as the Lions Gate Portal or Lions Gateway that occurs every year when the planet Sirius aligns with the Earth and Orion constellation. This is a time, a portal of increased cosmic energy flowing between the physical and spiritual realms. Its history goes back to the time of the Egyptians and the significance of the Lion and the pyramids.

This is an opportunity to open your beingness to this alignment of light, and higher consciousness coming from Sirius to Earth to anchor in these light codes and activation available to humanity to help progress you along your spiritual path and mastery.

This is also a powerful time to start manifesting. So, take this time to be clear with your dreams. Visualizing your dreams and standing in your power as a Conscious Creator co-creating with the energies and light to manifest your dreams and blessings into your life. Co-creating with your Higher Self and spiritual support.

The portal opens today July 26th to August 12th with the most powerful day on August 8th.

**HAPPY LIONS GATE AND STAND IN
